

FUNGHI FUNGHI

GOURMET MUSHROOM TRADERS

helping to discover

INSPIRING LECTURES & PRESENTATIONS

All about mushrooms

about foraging

origins and seasons

Our **inspirational talk** "*The World of Edible Mushrooms*" will take about one hour and can be given at any location. Lots of interesting pictures, hardly any text. Lots of interaction and many questions (and answers); Leon van Basten knows how to captivate everyone in a light and humorous way. Speaks the "*language of the kitchen*".

about 70 edible types

about growing and new kinds

buying, cleaning, preserving

Presentations on location we organize for larger groups, during fairs or inspiration days. We present a selection of actual available mushroom types on just a few square meters. We are present to inform and inspire the attendees. Whether or not combined with, for example, a **masterclass**, **tasting** or **cooking demo**.

Presentation and Masterclass
